# DEFENSE SYSTEM

Helps you work smarter, not harder, to fight bugs.  
Visit [raidkillsbugs.com](http://raidkillsbugs.com) to identify your bug and best treatment plan.

## TIPS

- Remove food spills and exposed food. Store food in sealed containers.
- Caulk hiding spots and points of entry from outside or neighboring units.

### Use This Product To:

#### ATTACK BUGS

### KILL BUGS ON CONTACT

\*Use indoors or outdoors to kill ants, roaches, spiders, flies and other listed bugs on contact. Avoid spraying near baits to make sure bugs can bring the bait back to where they hide.

### Use Other Raid® Products To:

#### CONTROL BUGS

### KILL BUGS AT THE SOURCE

†Use a Raid® Ant or Roach Bait product to kill bugs where they hide. For heavy infestations, first use a Raid® Fogger or Fumigator product and then place baits to provide ongoing control. Read the label to find the right product for your bug problem.

#### PREVENT BUGS

### KEEP BUGS OUT

\*Use a Raid Max® Bug Barrier product to keep ants, roaches, spiders and other listed bugs out.

## KILLS

- Ants • Asian Lady Beetles • Boxelder Bugs • Bedbugs • Carpet Beetles • Crickets • Firebrats • Fleas
- Flies • Fruit Flies • Non-biting Gnats • Hornets • Mosquitoes • Moths • Pillbugs • Roaches
- Silverfish • Sow Bugs • Spiders\*\* (except black widow and brown recluse spiders) • Wasps • Waterbugs

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. FOR USE IN RESIDENTIAL AREAS ONLY. Shake before using. Point spray nozzle away from face and press button, holding container as upright as possible. GENERAL PRECAUTIONS AND RESTRICTIONS: Do not enter or allow others to enter the treated area until the sprays have dried. Do not allow people or pets to enter treated area until vapors, mists and aerosols have dispersed, and the treated area has been thoroughly ventilated. Wait two hours after application, then open windows, vents and doors for two hours. If an odor is still detected, additional ventilation is required. Remove pets, birds and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off. Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash utensils before use. Cover exposed food and remove utensils in serving areas. Application is prohibited directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

### TO KILL CRAWLING INSECTS:

**INDOORS: FLEAS:** Spray floors, floor coverings and sleeping quarters of pets. Do not treat animals with this product.

**ROACHES, WATERBUGS, SILVERFISH, FIREBRATS, CRICKETS:** Spray hiding places such as baseboards and floor boards, moist places, cabinets and other storage areas, behind bookcases, and openings around sinks, drains and pipes, hitting as many insects as possible from a distance of about 18". In kitchens, also spray around refrigerators, stoves and storage areas. When spraying by stoves or water heaters, make sure pilot light is first turned off.

**ANTS:** Spray trails, hills, around doors, openings around pipes, window frames, and baseboards where ants crawl, hitting as many as possible from a distance of about 18". In kitchens, also spray around refrigerators, stoves and storage areas. When spraying by stoves, make sure pilot light is first turned off.

**SPIDERS, SOWBUGS, PILLBUGS:** Spray webs and places where these pests crawl from a distance of about 18". These insects tend to hide in dark moist areas. Hit as many as possible.

**CARPET BEETLES:** Hit these bugs directly with spray on sections of floor, baseboards, shelves and underside of carpets from a distance of about 18".

**BEDBUGS: DO NOT APPLY THIS PRODUCT TO MATTRESSES OR BEDDING.** Disassemble bed frame and treat all surfaces. Allow to dry completely before reassembling bed. Treat around beds, on and under rugs near bed, and cracks and crevices along baseboards near bed.

**OUTDOORS: FLEAS:** Spray kennels, doghouses and places where animals rest, including porches and mats by doors. Do not treat animals with this product. Allow treated surfaces to dry before letting pets reoccupy these areas.

**CRICKETS, SOWBUGS, PILLBUGS:** Spray around doors, foundations and damp moist places where these insects hide, hitting as many as possible from a distance of about 18".

**ANTS:** Spray trails, hills, around doors, openings around pipes, and window frames where ants enter and crawl, hitting as many as possible from a distance of about 18".

**SPIDERS:** Spray webs and places where these pests crawl. Hit as many as possible.

### TO KILL FLYING INSECTS:

**INDOORS: FLIES, MOSQUITOES, SMALL FLYING MOTHS, NON-BITING GNATS, FRUITFLIES:** With Raid® Multi Insect Killer there is no need to spray directly at flying insects—the mist in the air will kill them. Close all doors and windows. Spray Raid® Multi Insect Killer up into the air with a sweeping motion, keeping about 3 feet from interior walls, fabrics and furniture, until the room is thoroughly misted. Do not remain in treated area. Keep room closed for 15 minutes. Ventilate room thoroughly before re-entry.

For fast knockdown, spray directly at insects, keeping about 3 feet from interior walls, fabrics, and furniture. In kitchens, be sure to treat areas that may attract these insects such as around windows, sinks and garbage cans. Cover or remove exposed food, utensils and food handling equipment.

**WASPS, HORNETS, YELLOW JACKETS AND ASIAN LADY BEETLES:** Spray directly at stray insects that enter building.

**OUTDOORS: FLIES, MOSQUITOES, SMALL FLYING MOTHS, ASIAN LADY BEETLES, NON-BITING GNATS, FRUITFLIES, BOXELDER BUGS:** To reduce annoyance of these insects, spray area when air is calm for best results. If a slight breeze is blowing, spray with the wind, allowing the spray to drift over the area to be treated staying at least 3 feet from plants and bushes. Allow a couple of minutes for product to take effect. Give special attention to breeding areas such as garbage cans and compost piles. Treat these areas from a distance of about 18" when possible. When spraying in garages be careful that spray does not contact painted surfaces of vehicles.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**STORAGE:** Store in a cool, dry place away from heat or open flame.

**DISPOSAL:** Do Not Puncture or Incinerate! If Empty: This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty the container by using the product according to the label. If recycling is not available, place in trash. If partially filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

## FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

**ENVIRONMENTAL HAZARDS:** This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

**PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
